

## STANDARD DOCUMENTATION, TESTING & TREATMENTS

Certification / CTR	\$10.00 Each
PPP (Pre-Production Process) / LOP (Letter of Procedure)	\$95.00 Each
PPAP	(Subject to Process and Complexity)
Stress Relief	
General Stress Relief Bake (Subject To Actual Temp)	\$50 per hour, \$50 M/C
Common Specs: MIL-DTL-16232 HRc ≥ 39, TT-C-490 HRc ≥ 40	
1 hour/inch thick @ 350-400F, 4 hour min	\$50 / hour, \$200 M/C
Option for carburized parts is 8 hours @ 225-275F	\$320 LOT
Blasting	
<b><u>Certain specs, like MIL-DTL-16232, require blasting.</u></b>	
<b><u>Depending on specification, contract, etc, blasting may or may not be required, and may be performed by Aactron or by customer.</u></b>	
<b><u>Please advise on your RFQ's, PO's and/or shipping documents.</u></b>	
Hydrogen Embrittlement Relief	
General Relief Bake (Subject To Actual Temp)	\$40 / hour, \$40 Min Charge
NON-Bake Ambient-Temp Aging Options	N/C
Common Specs: MIL-DTL-16232 HRc ≥ 39, TT-C-490 HRc ≥ 40	
8-Hour Bake	\$320 LOT
5-Day Aging	N/C
NOTE: Customers may waive this requirement in writing.	
Testing	
SS 1 - 100 Hours	\$150 Each
SS 168 Hours	\$200 Each
SS 240 Hours	\$250 Each
SS Phos & CARC (336 Hours)	\$300 Each
SS 480 Hours	\$350 Each
SS 600 Hours	\$400 Each
SS 720 Hours	\$475 Each
SS 960 Hours	\$600 Each
SS 1000 Hours	\$650 Each
SS All Other Requirements	(Subject to hours required)
Passivation Verification for Stainless Steels (Copper Sulphate)	\$50.00
Embrittlement Relief Verification (MIL-DTL-16232, TT-C-490)	N/C
Coating Weight	\$25.00
Coating Thickness	\$25.00
Coating Adhesion	\$25.00
Microscopic Analysis	\$100.00 Each
NOTE: Testing prices may vary depending on qty, size, weight, config, masking, process, etc
